Material – Screws:	Stainless steel
Color:	Matte black or matte silver.
Hazardous Materials:	None

Instructions for use

CAUTION! ENSURE THAT YOUR PISTOL IS UNLOADED BEFORE PROCEEDING!

Read the instructions below carefully, and if you are unsure of your ability to safely follow any of these directions, STOP and bring your pistol and mount to a qualified gunsmith for assistance. Do not attempt to utilize this mounting kit on any firearm other than a Ruger Mark III pistol with factory drilled mounting holes! Do not attempt to use this mounting kit with any sight other than an original Aimpoint Micro sight purchased from an authorized Aimpoint Dealer.

- Important: Place the two screws (#2) into the end holes of the sight bracket before securing the Aimpoint sight to the bracket!
- Secure the Aimpoint Micro sight (#3) to the mount bracket (#1) with four screws (#4), **max torque 0,9 Nm (0,664 lbf ft)**, using the Torx head bit on tool (#5).
- Firmly secure the mounting bracket to the pistol using the Allen wrench (#6).
