

## PEDAL EXERCISERS

### ITEMS 10500-10501

Dynarex Pedal Exercisers are compact, portable units designed to enhance circulation and strengthen arm and leg muscles. Each exerciser features tool-free resistance adjustment and comes fully assembled for immediate use.

- Designed to offer convenient seated exercise for arms and legs
- Crafted with a durable steel frame to support safe and effective movement
- Tool-free knob allows for easy resistance adjustments
- Convenient, fully assembled design enables quick access
- Anti-slip rubber pads enhance traction for optimal stability
- Available in foldable and non-foldable styles
- 10501: Foldable model provides space-saving storage and enhanced portability
