Turn the Page to New Designs

Discover a contemporary twist to a beloved classic with Story Teller wood-look porcelain tile collection by Crossville. By weaving the antique art of cerusing with modern digital technology, Crossville achieves a mirrored, light-and-dark woodgrain appearance in 48"–long plank tiles. Cerusing, a contrasting technique developed to highlight graining, was created by the French in the 16th century, yet its stunning effects are as current today as when they were first discovered so long ago.

Showcasing this technique's incomparable style, Story Teller is offered in 4 pairs of colorways, each designed to reflect the pale and deepened tonalities generated by this process. The colors invite built-in coordination for wall-to-floor or floor-to-floor transitions. The array of trims offers ideal options to finish your design story with finesse. Responsibly manufactured in the U.S., Story Teller is a certified porcelain collection that's sure to help you book epic new projects..

- Four colorways, each with a light and dark version
- Versatile 6x48 planks with 6x24 bullnose and 6x12 cove base
- Mosaic options: a traditional 2x2 and a 1x6 brick pattern
- French-inspired style, made in the USA

Scratch Hardness	7	Mohs Scale

Wet Dynamic Coefficient of Friction Range

UPS	0.42 - 0.52	AcuTest sm
-----	-------------	-----------------------

Shade & Texture Index

Story Teller has a shade variation of V3.

This porcelain tile product is produced with a V3 variation. Expect that the amount of color and texture on each piece may vary significantly. Inspect the product upon delivery and for best results, blend tile from several cartons during installation.

Recommended Use

Story Teller is recommended for interior floors, walls, counter tops and exterior walls in both residential and commercial applications. **If offset pattern is required for tiles 15 inches or longer, Crossville® recommends an offset of not greater than 33%.** See CrossvilleInc.com for detailed installation instructions.

Wet area use for Story Teller Mosaics

Crossville® produces the Story Teller 2 x 2 and 1 x 6 brick mosaics with the Cross-Sheen® (UPS) finish. The AcuTestsm wet Dynamic COF of Story Teller is ≥ 0.42 . Their small sizes ensure frequent grout joints which provides traction and drainage. Crossville cannot control situations involving incorrect installation, improper slope to the drain for elimination of standing water and poor surface cleaning.

This information is provided so that customers may make a realistic and informed decision when comparing Story Teller to other tile products in wet area environments, such as residential/commercial bathrooms, showers, and interior pool decks.

Environmentally Conscious

Story Teller contains a minimum of 4% pre-consumer recycled content and is manufactured by Crossville® using processes that recycle nearly 12 million pounds of previously discarded filtrate and fired tile waste. In addition to its own fired waste recycling, Crossville also accepts and recycles reclaimed, previously installed tile through its Tile Take-Back™ Program. For more information, visit CrossvilleInc.com/green.

Care and Maintenance

Regular cleaning is the best way to keep Story Teller tile looking good for years to come. Use clean, hot water (combined with a household cleaner for more aggressive cleaning). Rinse thoroughly and dry with a soft cloth to prevent water spots. No waxes or sealers are needed. More information regarding the care and maintenance of Crossville products is available at CrossvilleInc.com.

Our Warranty

Crossville Inc guarantees that its products will meet or exceed the performance specifications outlined in ANSI A137.1-2012 and in the performance data section of the Crossville, Inc. general product catalog. For complete details check our website at CrossvilleInc.com.

Hydrotect

Our porcelain tiles are available with Hydrotect. Crossville's revolutionary invisible coating harnesses the power of light, water, and oxygen to create the best defense against dirt and pollution. Whether indoors or out, floors and walls stay cleaner, providing a superior experience in any space. For complete details check our website at CrossvilleInc.com.
