WOLVERINEBRASS®

Tubular Brass Products

When Quality Matters.™

When Quality Matters™....

Wolverine Brass® Manufactured Tubular Brass Products!

Wolverine traps and tubular products

are manufactured using tight product specifications and the highest quality tubing in the market. Each piece is cut from seamless extruded brass; bent, brazed and chrome plated to specific product specifications.

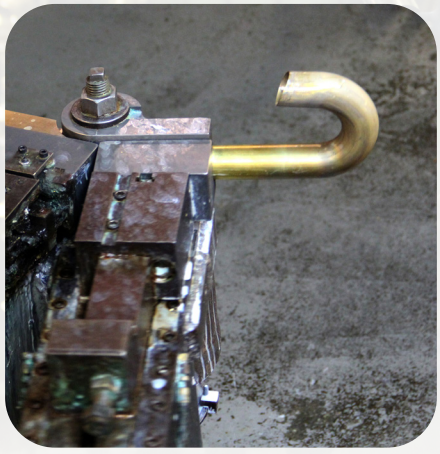

Wolverine Brass Tubular products feature:

- Thick Chrome plating – provides a long lasting, durable finish
- Connections are brazed with silver solder
  - delivers maximum strength and reduces the chance of leaking
- 17 and 20 gauge products – Heavy duty, built to last
- Cast Brass nuts with E-Z grip sides – durable and provides easy gripping for installation
- Manufactured at our Conway, SC plant.
