

## ENEMAS

### CONSTIPATION RELIEF

WeCare Enemas offer convenient, ready-to-use relief for constipation and bowel cleansing before medical procedures or examinations. Each unit comes pre-mixed for ease of use and features a generously lubricated tip for added comfort. A protective shield helps reduce the risk of contamination, while a one-way safety valve controls fluid flow and helps prevent reflux. The flexible, squeezable bottle ensures comfortable handling during use. Available with mineral oil or saline solution, WeCare Enemas are suitable for both personal and clinical applications.
