

FIFRA Section 2(ee) Recommendation

For Control of Spotted Lanternfly on Outdoor Ornamental Trees, Outdoor Shrubs, and Containerized Plants in all states except CT, MA, MD, ME, NY, TX, and VT. Not for distribution or use in Pinellas (FL) & Tampa (FL) [Jun 1 – Sep 30].

BioAdvanced Science-Based Solutions 12 Month Tree & Shrub Protect & Feed Concentrate II

EPA Reg. No. 92564-39

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the US Environmental Protection Agency. This recommendation must be in the possession of the user at the time of pesticide application.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Spotted Lanternfly, use any container or watering can. Fill a bucket or watering can with 1 gallon of water. For trees with trunks greater than 50", use 2 gallons of water. Measure amount to use into bucket. Slowly pour solution evenly around tree or shrub. Pour as close to the trunk or main stem as possible. Fill bucket with clean water and pour around the trunk as well.

Follow all other label directions, restrictions and precautions on the product label.

ALWAYS READ AND FOLLOW LABEL INSTRUCTIONS

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and observe the precautionary statements plus all other information appearing on the product labels. For Utah and Washington, this recommendation is not required to be in the possession of the user at the time of pesticide application. For all other states, this recommendation must be in the possession of the user at the time of pesticide application.

This Technical Information Bulletin expires on 12/31/2024.
