

EPIRITE SYRINGE

ITEM 6985

Dynarex EpiRite Syringes are sterile, single-use devices engineered for accurate dosing and smooth operation. Each syringe features a clear barrel with easy-to-read graduated markings to promote precision and visibility. The integrated plunger glides smoothly for controlled medication delivery and is designed to prevent accidental pull-out. A secure luer slip connection helps form a leak-resistant seal, making these syringes well-suited for a variety of medical applications requiring small-volume administration.

- Designed to deliver small doses of medication quickly and accurately
- 1 cc / mL capacity
- Clear barrel features easy-to-read markings - 0.1 mL, 0.15 mL, and 0.3 mL
- Luer-slip connection helps provide a secure seal
