

80010-PBK

INSTALLATION INSTRUCTIONS

Please read carefully and save these instructions as you may need them a later date.

CAUTION

WARNING: Risk of Fire. Consult a qualified electrician to ensure correct branch circuit conductor.

Turn off the main power at the circuit breaker before installing the fixture in order to prevent possible shock.

GENERAL

All electrical connections must be in accordance with local and National Electrical Code (N.E.C.) standards. If you are unfamiliar with proper electrical wiring connections obtain the services of a qualified electrician.

Remove the fixture and the mounting package from the box and make sure that no parts are missing by referencing the illustration.

ASSEMBLY AND INSTALLATION

- 1) Using pedestal as a template mark position at mounting holes on surface to be mounted to.
 - 2) Drill holes at positions marked in step 1 for supplied screws and anchors.
- NOTE:** Provided screws are intended for use in wood or similar material.
- 3) Insert supplied anchors into holes.
 - 4) Align holes in pedestal with holes in anchors in mounting surface.
 - 5) Thread supplied screws down into holes in pedestal and into anchors.
 - 6) Proceed to fixture mounting instructions.

INSTALLATION IS NOW COMPLETED
