## SELF-EXTINGUISHING RAINWEAR

ANSI/ISEA 107-2020

TYPE R / CLASS 3 (COAT+JACKET)

TYPE R / CLASS E (BIB)

The RW08 self-extinguishing hi-vis rain jacket and raincoat are made of polyester with a PVC coating and waterproof welded seams, providing reliable protection from the elements and struck by hazards. These garments meet ANSI/ISEA 107-2020 Type R Class 3 standards with their hi-vis design, which includes 2" segmented reflective tape. They also meet limited flammability per ASTM D6413 and have been tested for liquid penetration per ASTM F903.

### RW08C M-6X

#### CLASS 3 SELF-EXTINGUISHING TRENCH LENGTH RAINCOAT

- Polyester with PVC coating

### RW08B M-6X

#### CLASS E SELF-EXTINGUISHING RAIN BIB WITH FLY

- Polyester with PVC coating
- Waterproof welded seams
- Adjustable elastic suspenders
- Cargo pocket with flap
- Fly with snap closure
- Take up tabs at ankle
- 2" segmented reflective tape
- Meets ANSI/ISEA 107-2020 Type R Class E
- Meets ASTM F903 (Liquid Penetration) and D6413 (Limited Flammability)

The RW08B self-extinguishing hi-vis bib trouser is made of polyester with a PVC coating and waterproof welded seams, providing reliable protection from the elements and struck by hazards. This garment meets ANSI/ISEA 107-2020 Type R Class E standards with its high-vis design, which includes 2" segmented reflective tape. Adjustable elastic suspenders, safety fly with a snap closure, and non-conductive back divider and buckles all contribute to a comfortable and secure fit throughout the workday. This garment meets limited flammability per ASTM D6413 and has been tested for liquid penetration per ASTM F903.
