

STONEIMPRESSIONS  
BRINGING STONE TO LIFE

PATTERN CATALOG  
VOLUME II

StoneImpressions sets the precedent for creating gorgeous, timeless, decorative stone tiles with virtually limitless options. Every tile is made to order to your specifications and can be produced in a variety of sizes on any of our stone types.

Customize any design by color, stone type, size, and more. Every unique, vibrant design features a high level of detail to add sophistication and personality to any space.

Our water friendly tiles arrive sealed with a clear, strong, three part acrylic topcoat, perfect for installation in intermittent wet spaces, backsplashes, and light traffic flooring.

Each tile is handpicked and manufactured in a state-of-the-art manufacturing facility located in San Diego, California.

# Artisan

BY STONEIMPRESSIONS

A CURATED QUICK SHIP COLLECTION

*Offering exceptional quality and the highest level of detail, the Artisan Stone Tile line by StoneImpressions is printed on the finest natural stones in designated sizes, colors, and stone types.*

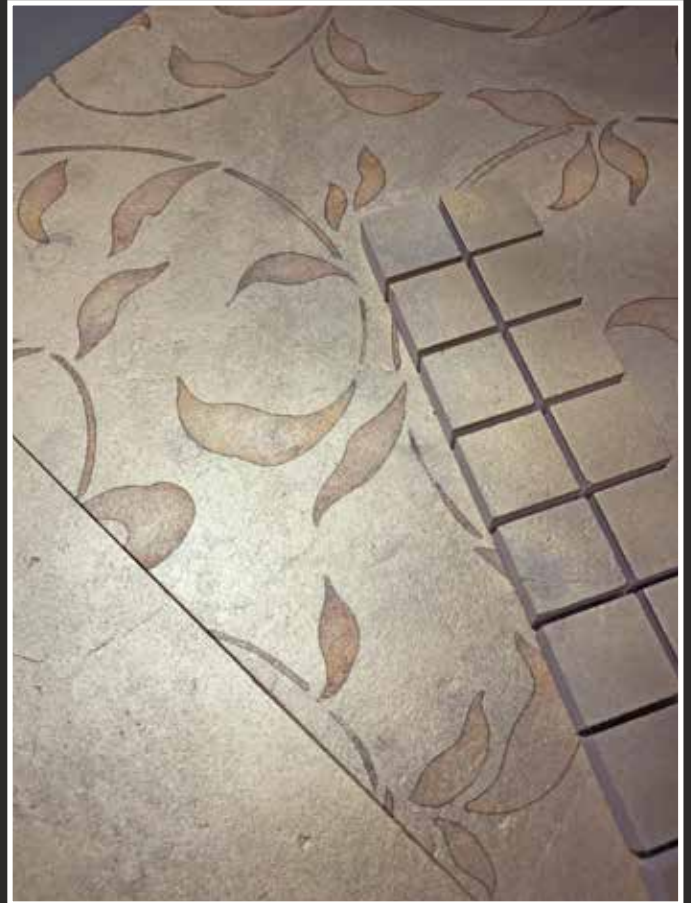

*With four stone types and a variety of modern and traditional designs, the Artisan line delivers a fast lead time at an affordable price point without sacrificing quality or beauty.*

*For more information, please visit [www.stoneimpressions.com](http://www.stoneimpressions.com) or view our Artisan Stone Tile catalog.*

THE LUSTER FINISH IS A SUBTLE, PEARLIZED GLAZE THAT BRINGS FURTHER BRIGHTNESS AND NUANCE TO OUR LIMESTONE TILES. THIS LUXE GLAZE, ACCENTUATED WITH UNIQUE ARTWORK, IS THE PERFECT STATEMENT TO ELEVATE ANY SPACE IN YOUR HOME.

YOU'LL FIND SEVEN COLLECTIONS IN THIS CATALOG DESIGNED INTENTLY TO COMPLIMENT THE SILVER LUSTER AND GOLD LUSTER FINISHES.

AS ALWAYS, YOUR TILES CAN BE CUSTOMIZED TO ANY SIZE, AND THE SILVER LUSTER AND GOLD LUSTER FINISHES ARE AVAILABLE ON FIELD TILE. PLEASE CONTACT US FOR MORE DETAILS.

STONEIMPRESSIONS CAN CUSTOMIZE ANY DESIGN TO ENCOMPASS YOUR EXACT VISION. FROM COLOR ALTERATIONS, TO HELP PLANNING YOUR HARD-TO-FIT SPACES, CONTACT US TO FURTHER EXPLORE YOUR CONCEPT AND RECEIVE A CUSTOM DESIGN QUOTE.

CUSTOMIZE | Stone type may have the biggest impact on your selected design and is the simplest way to  
STONE | customize your project. Samples are available for any design on any stone type.

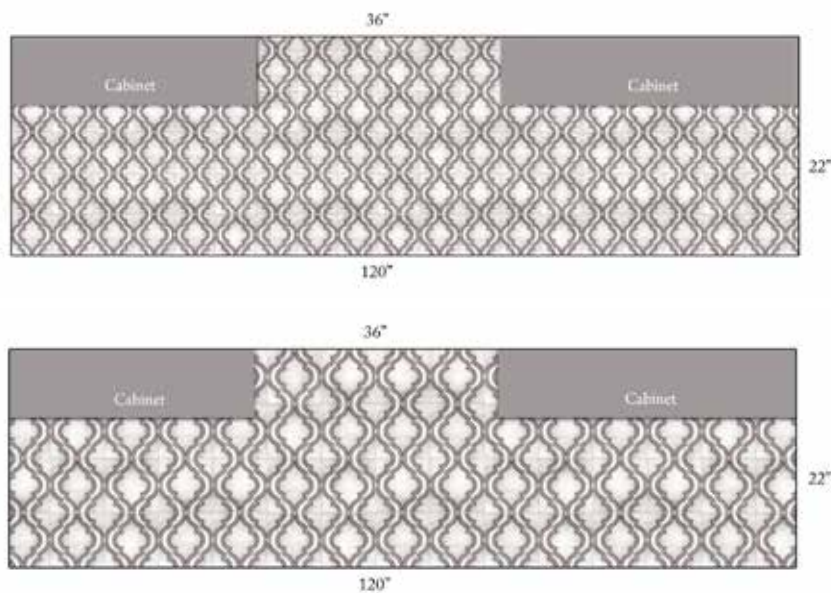

CUSTOM | Change, add or match any colors in any pattern.  
COLOR | Strikeoffs are created for approval for any job involving custom color.  
Please contact us for custom design pricing.

CUSTOM LAYOUT | Create custom layouts from pre-existing patterns. Add, remove, or reorganize any element of the design to create a one of a kind pattern. Please contact us for a quote.

Original Alston Lola Layout

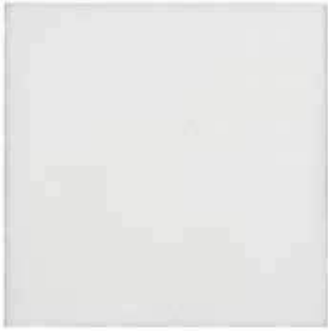

CUSTOM SCALE & RENDERINGS | Pattern scales may be reduced or enlarged to suit your installation space and preference. Custom layouts are available upon request to show how a different scale or tile size can change the entire appearance of your space. For example, the layout above shows the difference between using the Pirouette pattern on a 6"x6" or 8"x8" tile and the different visual that is ultimately created.

CUSTOM CUTTING | One size does not always fit all. Hard to fit spaces may require custom tile sizing outside of our standard tile sizes. For an additional cut fee, StoneImpressions will custom cut tile to size, ensuring the perfect fit.

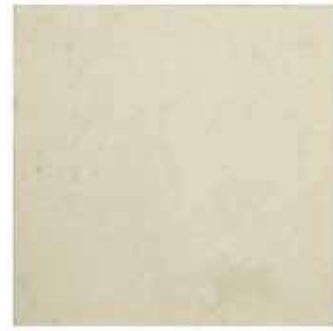

StoneImpressions selects only the finest natural stones for our tile collections.  
Our designs may be printed on any stone type, in any size that we offer, or on customer supplied stone.

STONE | Thassos\*

STONE | Carrara\*

STONE | Limestone\*

STONE | Honed Durango

STONE | Tumbled Durango\*

STONE | Tumbled Light Travertine (Unfilled)

STONE | Tumbled Botticino

STONE | Tumbled Perle Blanc\*

\*Also available as a 6" hexagon tile in addition to standard sizes

	Carrara	Thassos	Limestone	Durango	Botticino	Light Travertine	Perle Blanc
Shade/Veining Variation	3	1	2	3	2	3	3
Notes			Not suggested for use in wet areas.	Available in both straight edge or filled, tumbled tiles.	Features a lightly tumbled edge.	Tiles are tumbled and unfilled.	Features a lightly tumbled edge.
Key: 1 = Little to No Variation    2 = Slight Variation    3 = Moderate Variation							
While StoneImpressions hand selects only the best natural stone for printed tiles, it is likely that field tile will contain a more distinctive variation among tiles in both color and natural veining. Please visit our website, <a href="http://www.stoneimpressions.com">www.stoneimpressions.com</a> , to view the possible color and texture ranges of field tile.							

*Please remember to check for current samples as natural stone supplies may vary over time.  
Customer supplied stone with a honed or matte (non-glossy) surface may also be provided for printing.*

### OUR CONFIDENCE GUARANTEE

StoneImpressions designs and manufactures all tiles sold by StoneImpressions and Artisan Stone Tile in San Diego, California; it is truly a “Made in America” product.

We began manufacturing in 2000, and have continually invested in research and development. Today’s product is not only beautiful; it’s extremely durable, backed by the research and development. Much of what we make is custom, to our customers’ tastes, selections, and specifications. We promise to provide outstanding customer service on all custom products—from conception to final execution. We guarantee to use the finest stone tile possible. We guarantee to pay livable wages to every employee, and unlike most manufacturers of decorative tiles, we promise we will not export our jobs to other countries.

We promise you’ll enjoy working with our responsible and caring staff. We also promise that you’ll be happy and excited with our product, and enjoy it for many years.

## INSTALLATION INSTRUCTIONS

### Care and usage information

StoneImpressions products are intended for interior vertical and low traffic residential flooring installations only. Not for use outdoors in direct sunlight. Please read advisory below regarding using our tiles in wet areas.\*

Tile surfaces should be protected from scratches, and should be cared for as you would care for the finish of your kitchen appliances—for example, your microwave, dishwasher, stove, refrigerator, or a wooden floor. Our finishes are tough and durable, but need to be protected from scratching.

### Inspection requirement:

Confirm that all products have been inspected and approved before installation begins. Installation of the product signifies acceptance. In the event that we ship incorrect material or fail to ship any portion of your order, you must notify us within 30 days of receipt of the package. Replacement items will be shipped at no cost via the same method that the items were originally shipped. Claims of damage must be reported within 48 hours of receipt of material. Freight companies require that all product, boxes and packing material be saved for inspection. Store tile in a dry area where temperatures do not dip below freezing.

### Grouting:

We recommend non-sanded grout, however, sanded grout can be used with care. You should not use metal spatulas, trowels, or other tools. Instead, use tools that are rubber, plastic or some combination of poly/rubber/plastic. We have not tested every grouting product on the market, so it is always advisable to test first.

### Sealing:

Grout must be sealed. Reseal product and grout with penetrating sealant yearly. If tiles are cut, be sure to re-seal edges before installation.

\*Advisory regarding installing natural stone products in wet areas: Stone is VERY porous and should not be submerged. Do not use in any application where the tiles will be submerged in water, such as fountains or pools. While tiles may be installed on shower walls, a high quality waterproofing system, such as Schuler or Laticrete, should be used in showers. Our decorative tiles are not safe for installation in steam showers, saunas, or shower pans (floors).

### Countertops and stove tops:

Stone is relatively soft, so we do not recommend installation of our tile on kitchen countertops. If tile is being installed behind or above a professional grade stove, allow for at least 6" of distance from flame and always below 600 degrees.

Fireplaces: StoneImpressions tiles are sealed with a clear and strong acrylic which withstands temperatures below 600 degrees. The tile is perfect for a fireplace mantel so long as no flame or excessive temperatures will reach the tiled area.

### Freeze/thaw conditions:

StoneImpressions has not been tested for use in temperatures below freezing.

### Moisture Barrier Disclaimer:

When stone is installed on a concrete slab at ground level, it is the responsibility of the buyer and installer to ensure that a proper moisture barrier is in place prior to installation.

### Continuing Care and Cleaning Recommendations for Natural Stone:

Stone is a natural product, and care should be taken to protect it from harsh abrasive cleaners and abrasive cleaning tools. Cleaning can be done with a soft cloth, warm water, and non-acidic soap. Avoid any care products that contain abrasives, phosphoric acids, scouring powders, chlorine, acetone or glycolic acids, and avoid brushes and scouring pads. Never use an electric scrubber/buffer, any rotary tools, etc. Follow sealer maintenance schedule recommended by sealer manufacturer.

As part of a normal maintenance procedure, all StoneImpressions products require re-sealing on a regular basis. Follow maintenance schedule recommended by sealer manufacturer. StoneImpressions does not warrant, and will not be responsible for any claims regarding sealers.

### Variation and Uniformity:

Variations of shade and color are inherent in any natural stone product. No two pieces are exactly alike. Certain types of stone tiles have naturally occurring holes or veins running through them. Your product will have surface variations throughout the design. All natural stones have unique natural variations and inclusions that are impossible to show in a photograph or sample. For this reason, all items should be unpacked and inspected prior to installation, as StoneImpressions cannot accept claims for variation in any stone after installation.

### Disclaimer:

PhotoStone LLC, dba StoneImpressions provides product information and information concerning certain installation procedures and maintenance practices to assist its customers in making selection, usage, installation, and maintenance decisions. It is the responsibility of the customer and/or the customer's installer to prepare any installation requirement to meet the owner/customer's approval. The customer's selection and usage of StoneImpressions' products and the installation procedure and maintenance practice employed are outside the direction and control of StoneImpressions and are strictly and completely the choice and responsibility of each customer. StoneImpressions does not warrant any product for any specific use, nor any installation procedure or maintenance practice. StoneImpressions expressly disclaims all claims asserted after customer installation or use.
