

# ELECTRONIC HEARING PROTECTION

## R-3200 DUAL-MIC EARMUFF

Radians R-3200™ Dual Mic is an electronic sound amplification earmuff designed to enhance your auditory experience while prioritizing your safety. Two independent microphones skillfully detect and amplify low-level sounds so you effortlessly catch every important detail of your surroundings, while harmful noises (above 85dB) are compressed to safe levels. Stay connected to your favorite audio sources with the integrated 3.5mm stereo input jack and included patch cable. When ready to put away, the compact folding makes it effortlessly portable and easy to store.
