

ZINC OXIDE OINTMENTS

SKIN PROTECTANT

WeCare Zinc Oxide Ointment is formulated to reduce the risk of skin infection, soothe rashes, and relieve skin irritation. The ointment forms a protective barrier to seal out wetness, reduce friction, and minimize the risk of chafed skin. Available in tubes and jars for convenient use in first aid kits, long-term care facilities, home care, and more.

- * Zinc-enriched formula designed to soothe minor irritations such as diaper rash and chapped skin
- * Helps provide relief from symptoms related to poison ivy, poison oak, and poison sumac
- * Designed to form a protective barrier to seal out moisture and reduce friction and chafing
- * Ideal for hospitals, long-term care facilities, first-aid kits, and home use
