

DRINKING CUPS

ITEM 4235-4240, 4255-4259

Dynarex Drinking Cups are versatile, top-grade drinking cups constructed from flexible, yet durable plastic with a ribbed center for a slip-resistant grip. This high-impact polypropylene cup is designed to be disposable for optimal hygiene in a multiple-patient setting. It is also sturdy enough for repeated use when utilized by a single individual. Dynarex Drinking Cups feature a rolled lip for easy separation and come in an assortment of attractive colors to suit a variety of settings and decors.

- Constructed from high-impact polypropylene for optimal strength and flexibility
- Rolled lip allows for easy separation
- Ribbed design provides an improved grip
- Ideal for use in dental offices, hospitals, and other medical settings
