# TECHNICAL INFORMATION

V1 Uniform  
Appearance

Differences among pieces from the same production run are minimal.

V3 Moderate  
Variation

While the colors present on a single piece of tile will be indicative of the colors to be expected on the other tiles, the number of colors on each piece may vary significantly.

Water Absorption:  
 $\geq 10\%$

Water Absorption  $\geq 10\%$

Recommend offset  
pattern  $\leq 33\%$

Modifying the traditional 50% offset used in a brick pattern to a maximum of 33% - which doesn't affect the look of the pattern - when installing tile 18" or larger, will manage lippage.

Ready Ship

# CARE AND MAINTENANCE

## CERAMIC CARE & MAINTENANCE

---

Glazed tile products should be cleaned routinely with an all-purpose, low VOC, household or commercial cleaner. The product chosen should also be grout joint cleaning compatible. The type of product may vary depending on the tile application and use. A multipurpose spray cleaner, which removes soap scum, hard water deposits and mildew designed for everyday use can be used on wall tile areas in residential baths and showers. A cotton mop, cloth, sponge, or non-metallic brush should be used to apply and agitate cleaner. Rinse the area with clean water and dry thoroughly. Routine cleaners should never contain harsh chemicals as these can damage tile. Acids can damage grout and the glazed surface of the tile. Ammonia can discolor grout.

Regular dust mopping, sweeping, or vacuuming is recommended prior to cleaning with liquid products.

Unglazed tile should be cleaned routinely with concentrated tile cleaners with a neutral pH for safe regular use. These cleaners are better suited for removing grease, oils, and normal spills from unglazed products. Again, these products will vary depending on the application, amount of traffic and the use. The product chosen should also be compatible with the grout.

**VIRGINIATILE**

Design that shapes living.

Good design is born of creativity and imagination, but as we build and renovate, update and expand, the materials we select will define the quality of the spaces we live in beyond what meets the eye.
