

PD42-70 CEILING SERIES

4", 2-WAY, 70V PENDANT SPEAKER

70V

(1) 4" (102mm) Aluminum Cone Driver

(1) 0.75" (19mm) Aluminum Dome Tweeter

Excellent sound quality coupled with unique modern design and easy installation makes the PD42-70 ideal for a wide variety of applications including retail, restaurants, malls, hotels, fitness centers, exhibit spaces, conference rooms, atriums, museums, and other high open-ceiling applications. Available in standard black and a variety of custom color choices to accent your furnishings. The PD42-70 is perfect for situations where background music is needed, but ceiling mounting is prohibitive. The PD42-70 features a rear eyebolt for suspending and an extended outer color shell to conceal the terminal, wiring, and eyebolt. Installation hardware is not supplied by James Loudspeaker.

The PD42-70 includes a built in 70V low distortion toroidal transformer and crossover network, making them easy to integrate into all James speaker systems.

Custom colors are available at an additional charge, please allow 2-3 weeks lead time for delivery. If you can imagine it, we can build it!
