Experiment Supply List

1.5-volt battery	Glue stick	Scale
Ammonia	Graduated cylinder	Scissors
Apple	Iron fillings	Slinky
Balance	Irregular object	Soft drinks, various
Balloon	Lemon juice	Spoon
Balloon, long	Litmus paper	Stapler
Bar magnet	Magazines or internet access	Straw
Beakers, two	Marshmallows; mini, colored	String
Bell wire, insulated	Nail, iron	Sugar
Bucket with water	Notebook; spiral, composition or binder with loose-leaf	Tags
CD	Paper, construction	Tape
Cleaning products, various	Paper, copy	Teaspoon
Cocoa or chocolate drink powder	Paper clips	Toothpicks
Colored pencils	Random objects, four	Water, hot
Dish soap, liquid	Rope	Water, pure
Drinking glass, five (must be glass and the same size)	Sandwich bag, plastic	Water, tap
Fishing line		Wooden spoon
Flashlight		Wool sweater (or other article of clothing)

Some supplies will be used in multiple experiments. Some experiments require a generic item, such as a balloon, while other experiments require specific items, such as a long balloon.
