HILLMAN™

**BITS, NUTSETTERS and
ADAPTERS
DRILL BITS
KITS
MERCHANDISERS
And more...**

At The Hillman Group, we stock a comprehensive range of standard and non-standard fasteners, hardware, fittings, fluid flow components and automotive products under our Hillman, Paulin, Papco, Dominion, and Pro-Tip family of brands. Our range of products are complimented by our ability to source any item in the required size and material for any type of project. Let us help standardize your range of products or create new programs with the help from our dynamic and vibrant organization. For over 100 years, the Paulin® brand has been recognized as an industry leader. Our customers are retailers, original equipment manufacturers, industrial and automotive aftermarket distributors, and plumbing and gas wholesalers.

The Hillman Group has been a customer-first organization that built a loyal customer base centred on trust, dedication and long-lasting relationships. Paulin® being the First In Fasteners, we look forward to being The Right Fastening Choice for you.

Our five strategically situated warehouses in Vancouver, Edmonton, Winnipeg, Toronto and Montreal are conveniently located to provide courteous service to all of our customers.

The items listed in our catalogue are a representation of the products available and stocked in our distribution network. Our availability may not represent all sizes available or certain applications required. Please contact your local Hillman customer service or sales representative for additional product inquiries. Our knowledgeable staff will provide you with information and solutions that are both cost effective and reliable.

- The Pro-Tip® two piece square recess power bit has a heat treated S-2 alloy steel tip swagged into a steel body shank.
- The tip is cold formed under rigid dimensional control to ensure a "Cling Fit" with the screw recess.
- These bits offer the best combination of hardness and toughness to provide a long lasting tool.

PRO•IMPACT™ PLUS +

Reinforced Concrete Hammer Drill Bits

CONCRETE JUST MET IT'S MATCH!

QUALITY

PATENTED CARBIDE TIP
SQUARE FLUTE DESIGN

PERFORMANCE

DRILLS CLEAN PERFECT HOLES WITHOUT
CRACKING THE CONCRETE

LONG LIFE

135° CHISELING HEAD DESIGN
OPTIMUM HAMMERING POWER
STRENGTHENED BODY

 MADE IN FRANCE

ANSI

CUTTING EDGE TECHNOLOGY

3 contact
POINTS

MONOBLOC
CARBIDE TIP

Self-centering tip

135° angle
for greater
chiseling effect

DRILLS WITHOUT CRACKING THE CONCRETE

The Pro-Impact Plus carbide tip achieves clean and perfect holes with its 135° angle without cracking the concrete when it drills close to an edge.

PERFECT HOLES

The 120° angle allows for perfectly straight drilled holes ($3 \times 120^\circ = 360^\circ$).

3 simultaneous contact points enables equal performance levels.

OPTIMUM ANCHORING

Meets the requirements of the European standards of anchoring (ATE)

SQUARE FLUTE DESIGN

STRENGTHENED
BODY

DUST REMOVAL

The square flute design, combines a high pressure channel with a low pressure chamber, enabling better dust removal. Its strengthened body reduces vibration during drilling.

THERMAL TREATMENT

Heat treated under controlled atmosphere. The optimized geometry provides a hardened profile which provides full hammering effect and power to the drill.

HAMMERING POWER

REINFORCED CONCRETE

STONE CONCRETE BLOCK

PRO-IMPACT PLUS MAKES THE DIFFERENCE IN REINFORCED CONCRETE

PRO-IMPACT™ PLUS +

The patented head design flows effortlessly through concrete and rebar.

VARIOUS HEAD DESIGNS ON THE MARKET

Drill bits must be reliable in any situation no matter what the contact point is on the rebar.

SINGLE CUTTING EDGE OR FLAT SURFACE

A single cutter or flat surface tip will cause the drill bit to jam or the head tip to shear off when it hits the rebar's edge.

2 CUTTING EDGES

The flat section on the carbide tip's edge will distort the drill bit shaft along the rebar causing it to deviate and break.

4 CUTTING EDGE 2+2 GEOMETRY

Risk of blocking on the rebar and irregular wear on the drill bit's tip.

PRO-IMPACT™ PLUS +

PACKAGING

- BOX OF 25 PCS
- INDIVIDUAL PACK

PRO•IMPACT™

CARBIDE TIP STRAIGHT SHANK CONCRETE DRILL BITS

**20%
FASTER
DRILL TIME**

NEW MULTI-ANGLES CARBIDE TIP

- Faster drill speed increases bit life by 20%
- Higher grade, European made Carbide for longer bit life
- Tip is higher for better guiding
- 4 sided point prevents bit from “walking”
- Great with cordless drills: up to 20% longer battery life

STEEL BLAST FINISH

- Environmentally friendly
- No zinc or nickel-plating means no metal and chemical waste during the finishing process
- ISO 14001 manufacturing process
- Reinforces the steel surface reducing the risk of breakage

STAMPED

- Made in France
- mm & inches

IMPROVE
YOUR PERFORMANCE

pro-tip® COLOUR-CODED COUNTER TOP BIT JAR

ORDER BY ITEM (PACKAGE) NUMBER

JAR	
Part #	Qty
8020-937	1

- The Pro-Tip® two piece square recess power bit has a heat treated S-2 alloy steel tip swagged into a steel body shank.
- The tip is cold formed under rigid dimensional control to ensure a "Cling Fit" with the screw recess
- These bits offer the best combination of hardness and toughness to provide a long lasting tool
- Bits are "colour-coded" for easy selection
