

NUC-4

LED Under Cabinet

Product Description

NICOR LED under cabinet lighting is an attractive upgrade that can quickly increase the value and functionality of your work space. The NUC4 presents a clean, professional look allowing you to use an existing wall switch or dimmer to easily control your lights. Offering uniform illumination, warm color and low operating temperatures, this under cabinet light can be used in residential, retail, and commercial applications. Whether in a kitchen, under a shelf or in a defined work space, these 1-inch low profile fixtures are perfect for task or accent lighting and illuminating products, apparel or collectibles. These linear fixtures are Energy Star rated, CEC Title 24 compliant and offer over 20 years of maintenance free operation.

- Construction**
- Extruded aluminum housing for durability and ample heatsinking
 - Low 1-inch profile keeps the fixture unobtrusive and out of view
 - No UV or forward-projected heat
 - UL Listed for damp locations

- Optical System**
- Uniform lighting with specially designed glass diffuser to prevent pixelation and “hot spots” on counter tops

- Electrical**
- Greater than 92 CRI with R9 greater than 50
 - Dimmable with most TRIAC dimmers
 - Custom low-profile driver engineered for optimal dimming across all sizes
 - Operating temperature rating of 0°F to 120°F (-18°C – 49°C)
 - 120VAC Input
 - L70 rated for greater than >36,000 hours
 - TM-21 Projected L70(6k) life >100,000 hours
 - LM-79, LM-80 testing performed in accordance with IESNA standards

- Finish**
- Available in: Black, Nickel, White, and Oil-Rubbed Bronze

- Installation**
- Easy surface mount installation
 - Pre-installed captive screws allow for quick mounting
 - Positive latch door for easy access and installation
 - Versatile knockout selection allows for multidirectional wiring

- Warranty**
- 5-year limited system warranty standard

Example: NUC-4-12-DM-W-NK

Series	Version	Length			Housing Color
NUC	4	08 (8 inches)	DM (Dimmable)	W (Wired)	BK (black)
		12 (12 ½ inches)			NK (nickel)
		21 (21 ½ inches)			OB (oil-rubbed bronze)
		30 (30 inches)			WH (white)
		40 (40 inches)			4W (4000 K White)*

All reports based on current industry standards; field performance may differ from laboratory performance.

Specifications and dimensions subject to change without notice.

*Only available for 4000 K option.

This device complies with part 15 of the FCC Rules. Operation is subject to the following two conditions: (1) This device may not cause harmful interference, and (2) this device must accept any interference received, including interference that may cause undesired operation.

NOTE: This equipment has been tested and found to comply with the limits for a Class B digital device, pursuant to part 15 of the FCC Rules. These limits are designed to provide reasonable protection against harmful interference in a residential installation. This equipment generates, uses and can radiate radio frequency energy and, if not installed and used in accordance with the instructions, may cause harmful interference to radio communications. However, there is no guarantee that interference will not occur in a particular installation. If this equipment does cause harmful interference to radio or television reception, which can be determined by turning the equipment off and on, the user is encouraged to try to correct the interference by one or more of the following measures:

- Reorient or relocate the receiving antenna.
- Increase the separation between the equipment and receiver.
- Connect the equipment into an outlet on a circuit different from that to which the receiver is connected.
- Consult the dealer or an experienced radio/TV technician for help.
