

SYRINGES

Dynarex Syringes and Needles are sterile, single-use devices designed to support accurate dosing, fluid delivery, and medication administration in a variety of clinical settings. Each syringe features a clear barrel with easy-to-read markings and a smooth-gliding plunger for controlled operation. Select styles include sterile, stainless-steel needles for reliable performance. All products are non-toxic, non-pyrogenic, and not made with natural rubber latex.

- Designed to support accurate dosing, fluid delivery, and medication administration
- Sterile, single-use construction promotes hygiene and safety
- Clear barrel with easy-to-read markings allows for precise measurement
- Integrated plunger glides smoothly for consistent control
- Select styles include sterile, stainless-steel needles
- Non-toxic and non-pyrogenic
- Not made with natural rubber latex
