

Straight Line, Side Opening Deadend Clamps

Aluminum Straight Line, Side Opening Deadend Clamps

Connects primary conductor to deadend insulator, two U-bolt style

Features

- U-Bolts are captive
- Spring loaded side opening - shipped in open position

Material

Body and Keeper: Aluminum Alloy A356-T6
 Cotter Pin and Compression Spring: Stainless steel
 Hardware: Steel hot dip galvanized ASTM A-153

Notes:

- 1) Add suffix "-S" for socket fitting
- 2) Add suffix "-C" for clevis fitting
- 3) Add suffix "-HP" for hex clevis pin
- 4) Add suffix "-E" for lifting eye on keeper
- 5) Recommended torque on U-Bolts: 3/8" - 20-25 ft/lbs; 1/2" - 40-45 ft/lbs.
