

#10 Red Conical Anchor Kit w/ Hex Head Combo Drive Screws

Part Number K6HX
Category Number 4610
UPC 781002296218

The K6HX Kit is suitable for use in solid and hollow wall, concrete, block, or brick applications. When used in hollow walls, such as drywall or plywood, the wings will splay out to provide a more secure installation and higher pull-out load. The anchor has a lip to prevent falling into deep holes or hollow walls. For hard wall applications, use the size of the anchor to determine hole size for installation. For drywall or soft applications it is recommended to use the smallest hole that will enable a tight fit of the anchor. These anchors are not recommended for use in overhead applications or where holding values are critical.

Physical Characteristics

| | |
|------------------|----------------------|
| Bit | 1B2P |
| Anchor Type | Conical |
| Drive Type | Hex/Phillips/Slotted |
| Head Type | Hex Washer |
| Screw Size | #10 x 1" |
| Bit Size | #2 |
| Hex Size | 5/16" |
| Anchor Diameter | 1/4" |
| Anchor Length | 1" |
| Material | Polyethylene |
| Color | Red |
| Number of Pieces | 201 |

Performance Data

| | |
|------------------|---|
| Pre-Drill Size | 1/4" |
| Applications | Solid & Hollow Wall, Concrete, Block, Brick |
| Special Features | Tapered Body, Collar to Prevent Falling Through Base Material |

Packaging Details

| | |
|----------------|--|
| Kit Contains | (100) Conical Anchors, (100) #10 x 1" Hex/Phillips/Slotted Sheet Metal Screws, (1) 1/4" Carbide Tipped Masonry Drill Bit |
| Standard Qty | 1 |
| Master Qty | 10 |
| Price Per | 1 |
| Package Length | 7.50 |
| Package Width | 3.30 |
| Package Height | 1.50 |
| Net Weight | 1 |
| Package Weight | 1.00 |
| Package Type | Two Compartment Box |

Certifications

| | |
