Care and use

Before first use, ensure the cookware is thoroughly hand-washed. When cleaning, always allow the cookware to cool before beginning the process, as it is not dishwasher safe. Instead, clean using a mild detergent and a non-abrasive sponge, then rinse and dry thoroughly. Exercise caution by always using heat-resistant oven gloves when handling the cookware, and never expose hot cookware to cold liquids. If you notice any signs of damage to the cookware, be sure to dispose of it carefully.
