

HI-VIZ
FASTFIT® F6-180

HIGH-VISIBILITY WORK GLOVES

The Hi-Viz FastFit® F6 cut resistant gloves protect working hands with EN 388: 2016 level F and ANSI A6 cut resistance. At just 1.4mm thick, revolutionary AX Cutora™ prevents cuts, punctures, and tearing with a single integrated construction of high-performance cut fabric and a touchscreen capable synthetic leather palm. High visibility Coolplus® material and reflective printing fingertips improve visibility in low-light conditions, while the FastFit's easy on/off cuff enables quick entry and all-day comfort. With a reinforced Lock Ring™ thumb saddle and a flexible ergonomic knuckle padding, the FastFit® F6 is engineered for high-risk applications where protection, visibility, and productivity matter most.

FEATURES

1. Full-wrapping easy on/off cuff design.
2. Hi-Viz CoolPlus® woven-mesh back of hand reduces heat buildup while working.
3. Abrasion resistant Ripstop material across the back of the fingers providing a water-repellent treated barrier and a comfortable fit.
4. 1.4mm AX Cutora™ palm provides EN 388: 2016 Level F and ANSI A6 cut resistance across the palm and fingers as well as touchscreen capability.
5. Light and breathable neoprene knuckle panel cushions from abrasions while improving flexibility.
6. Single-seam wrapped fingertip design removes vulnerable wear points and improves fit and dexterity.
7. Lock Ring™ printed thumb saddle design wraps high wear areas for increased durability.
8. 2-Piece palm design reduces material bunching in the palm.
