2 Thick Moppets

SUPER ABSORBENT
& SUPPLE

TOP TIP: If the Thick Moppet has dried
out then just wet it, it'll reinvigorate the
sponge and make it flexible again.

Spontex products are
designed and tested
to high standards.

Spontex Thick Moppets are
super absorbent and supple. These
extra thick and flexible sponge wipes
are made from cellulose making
them perfect for mopping up spills
and wiping down surfaces, especially
in kitchens and bathrooms.

DID YOU KNOW?

These wipes are
made from
cellulose, an ultra
thirsty material, which means that
each wipe can absorb 22 times its
own dry weight in water.

*The sponge is compostable in domestic
compost bins, based on tests conducted by
an independent laboratory. Dispose of in a
suitable compost bin only.
