Yale Pro[®] 2

Cylindrical Lock

The Yale Pro[®] 2 Cylindrical Lock is a smart all-in-one keypad with a lever, perfect for entrances with a single door hole prep, like gyms or mailrooms. Residents and guests enjoy convenient keyless entry, while property owners gain peace of mind knowing their shared spaces are safe and secure. For property managers, the Pro 2 integrates effortlessly with smart property systems like Wi-Fi, Z-Wave Plus, and Zigbee, creating a streamlined, connected access solution across the property.

Access control

Simplify access with key-free entry and seamless integration into your building's system through a smart module.

DoorSense[®]

Get instant alerts when a resident's door isn't securely closed.

Simple to install

Requires no hardwiring or additional holes for installation on standard doors.

Designed for weather

Engineered to perform in any climate with a rubber gasket, IPx5 keypad, and ANSI/BHMA Grade 1 rating.

Flexible Connectivity

Connect through Bluetooth, Wi-Fi, Z-Wave Plus, and Zigbee, and manage with partner apps to expand your smart building solutions.
