CARE AND USE

Easy to clean.

Please retain instructions for future reference.

Cleaning the bin: Wipe the inner and outer surfaces of the bin with a soft, damp cloth and a mild detergent.

In case of spillage, clean the bin immediately.

Using the locking lid function: When the bin is open, push the red switch to the left to lock the lid in place.

To unlock the lid, push the red switch to the right.

Take care, as the lid will drop.

Replacing the carbon filters: The bin comes with carbon filters already fitted; these need replacing every 2-3 months.

To remove, open the bin lid and lock it in place.

Pull down the two square flaps, remove the old filters and fit the new ones.
