5-YEAR LIMITED WARRANTY**

3-Way field adjustability.

All sizes of these wall packs have 3-way field adjustability: 3 selectable wattages, 3 selectable color temperatures, and an on/off photocell, giving you 18 SKUs in one wall pack. This is a game changer in the world of ultra-economy fixtures!

Traditional on the outside, cutting edge on the inside.

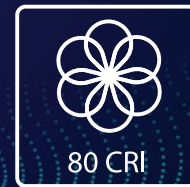

With a classic, prismatic glass design, the WP123 XFU comes in three sizes that cover the footprint of most outdated metal halide wall packs. With 8 different lumen packages to choose from, it's easy to find exactly what you need.

Size	Model	Lumen Output	
WP1 XFU	29	4,200/2,900/2,200lm	
	WP2 XFU	29	4,200/3,000/2,300lm
		40	5,700/4,300/2,900lm
		60	9,100/6,900/5,400lm
		80	11,600/8,700/5,900lm
100	15,000/12,000/9,400lm		
WP3 XFU	50	7,500/6,000/4,500lm	
	120	16,900/14,200/11,500lm	
	150	21,500/18,800/14,600lm	

High performance.

This family delivers a super-high efficacy of up to 169 lm/W and 80+ CRI. Its output is smooth and quiet and comes without the flickering or humming often found in ultra-economy lighting.

Ordering Matrix

Product Family	Wattage*	Color Temp	Finish	Driver	Options
