

Magnetic Floor Sweeper WITH QUICK RELEASE

Speed, Efficiency and Safety

Quickly and easily clean up hazardous ferrous metal debris from indoor and outdoor traffic areas to prevent costly injuries and repairs. The adjustable sweeping height enables efficient cleaning for varying sizes of debris, over any terrain, and in any weather condition.

The 36"(18") Magnetic Sweeper is ideal for clearing driveways, garages, factory aisles, metal workshops, trucking terminals, parking lots, roofing and construction sites, and much more. The quick-release function makes cleaning fast and safe. Just pull up the handle to immediately deposit the load for disposal or to reclaim useable items such as nails, screws and other metal items.

Features

- Powerful magnetic strength picks up small and large metal debris
- Quick-release handle enables convenient and safe removal of collected debris
- Adjustable sweeping height from .5 to 2.5 inches
- Durable aluminum housing with magnetic assembly is 4 inches high by 3 inches deep
- 7-inch diameter rubber wheels
- 4-color, trilingual box for an attractive retail display

NEW
36"

Trilingual full color packaging!

Specifications

| Part No. | Sweeping Width | Magnetic Surface | Overall Width | Adjustable Handle Height* | 8-Penny Nail Pick Up Test | Approx. Max Force (lbs.)** | Shipping Weight (lbs.) | MSRP |
|----------|----------------|------------------|---------------|---------------------------|---------------------------|----------------------------|------------------------|----------|
| | | | | | | | | |
| 07543 | 18 | 54 | 22.5 | 25-44 | 4 lbs. (372 pcs.) | 97.5 | 14.5 | \$81.90 |
| 07643 | 36 | 108 | 44.5 | 25-44 | 5 lbs. (486 pcs.) | 195 | 21.4 | \$131.25 |

Minimal assembly required. *Handle height measured from assembly to top of handle.

**Note: All sweepers are designed for attracting ferrous metal pieces and debris and are not designed for lifting heavy objects.

The Max Force Rating is measured by a vertical pull test from a .5 inch thick ground steel plate for purposes of magnetic strength comparisons only.
