Care and use

We kindly advise that you retain these instructions for future reference. Before proceeding with the installation of the shower head, please read all instructions carefully. Begin by placing the washer onto one end of the shower hose, then securely screw it onto the shower head. Next, connect the other end of the shower hose to the mixer tap. It is important to ensure that the washer is properly secured to prevent any leakage during use. To maintain the cleanliness of the shower head, simply clean it with a mild detergent or soap solution and wipe it dry.
