# Declan 3-Drawer Solid Wood Chest

SKU# WMDCL023D4

**For Residential Use Only**

Please visit our website for the most current instructions, assembly tips, report damage, or request parts. [www.walkeredison.com](http://www.walkeredison.com)

# WE Time to get started

Set up a clean and soft workplace to get started and avoid damage during the assembly. It also helps to double-check you've got all the pieces and parts before diving in to assembly.

## Estimated time for assembly

## People recommended for assembly

Make it a team effort! Grab a friend for quicker, easier assembly.

2 People Build

## Tools Needed

Grab a Phillips head screwdriver to conquer this assembly. We will also need a hammer to help.

## Use power tools with caution

You can cause cracking or damage to the material and easily strip the hardware. If you choose to use a power tool, your product will no longer be covered under Walker Edison's warranty.

# WE Parts List

Part Number	Description	Quantity
1	Top Panel	1
2	Back Panel	1
3	Foot Rail	1
4	Left Panel	1
5	Back Rail	1
6	Wood Slider	6
7	Drawer Back	3
8	Right Panel	1
9	Right Drawer Panel	3
10	Left Drawer Panel	3
11	Drawer Front	3
12	Drawer Bottom	3

# Hardware List

Part	Size	Name	Quantity
A	 10x20mm	Wooden dowel	18
B	 8x30mm	Wooden dowel	14
C	 4x25mm	Screw	18
D	 12mm	Plastic foot	4
E	 7x50mm	Bolt	10
F		Hex key	1
G	 14x14mm	Support	8
H	 3,5x16mm	Screw	8
I		Dovetail	6
J		Dovetail lock	12
K		Plastic screw	12
L	 8x40mm	Wooden dowel	6
O		Wall anchor	1
P	 4x16mm	Screw	1
Q		Washer	2
R	 6x40mm	Plastic bush	1
S	 4x40mm	Screw	1

*The hardware quantities listed above are required for proper assembly.  
Extra hardware pieces may be included.*

# Step 1

Let's get started! Insert the (A) Wooden dowels into each Wood Slider (6).

## Wood Dowels

Dowels are essential in furniture assembly for creating strong, precise connections.

They ensure structural integrity, prevent shifting, and simplify alignment, resulting in sturdier, longer-lasting furniture.

Follow these steps:

**1:** Select appropriate size dowel compared to size of drill hole and alignment in instructions. If unsure of placement place dowel next to drill hole to compare size and ensure correct placement.

**2:** Insert into drill hole and press firmly to ensure placement is set.

**3:** Align the dowel with corresponding piece and press together until secure.

# Step 2

Insert the (B) Wooden dowels into the Top Panel (1) and the Back Rail (5).

To keep your product looking its best and scratch-free, try assembling it on a soft surface like carpet or a blanket. This helps prevent any accidental scratches and keeps your furniture in top shape!

# Step 3

Next, attach the Wood Sliders (6) to the Left Panel (4) and the Right Panel (8) using the (C) Screws. Tighten with a screwdriver.

# Step 4

Secure the Plastic feet (D) to the Left Panel (3) and the Right Panel (7) Use a hammer if necessary.

# Step 5

Join the Top Panel (1) and the Left Panel (4). Then, secure that join using (E) Bolts. Tighten with the Hex key (F)!

# Step 6

Attach the Foot Rail (3) and the Back Rail (5) to the Left Panel (4). Secure with (E) Bolts and the Hex Key (F).

# Step 7

Unfold the Back Panel (2) and slide it in place using the grooves of the Top Panel (1) and Back Rail (5) to guide it.

# Step 8

Join the Right Panel (8) with the Top Panel (1), Foot Rail (3), Back Panel (2), and Back Rail (5).

# Step 9

Fit the Supports (G) into the grooves between the Top Panel (1), Left Panel (4), Back Rail (5), Right Panel (8), and the Back Panel (2). Secure the Supports (G) with (H) Screws.

# Step 10

Insert (B) Wooden dowels into the front hole in the Wood sliders (6). This is to keep the drawer from falling out.

# Introducing The Quick Assembly Drawer System

## Say Goodbye to Assembly Hassle!

We understand that assembling drawers can be the most time-consuming and tedious part of putting together your new furniture. That's why we've developed the Quick Assembly Drawer System - to make the process easy!

## Why You'll Love Our Quick Assembly Drawer System:

- **Quick & Easy:** Our new drawer hardware significantly reduces your assembly time. Get it done in no time!
- **Minimal Effort Required:** Designed to be super simple, you'll need little to no tools to get the job done.
- **Built to Last:** Strong and sturdy, our system ensures that your drawers stay solid and reliable.

## Let's set the stage to start assembly:

**Step 1: Get Ready -**  
Get started by separating the pre-assembled Dovetail (I) and Locks (J).

**Step 2: Align -**  
Match Dovetail (I) with your drawer front with dovetail fins are facing outward, using the sticker to align. Set triangle Locks (J) outward and press in.

**TIP:** We've made it easy with an illustration on the drawer fronts to show the correct direction for the Dovetail.

# Step 11

Prepare the Dovetails (I) by removing the Dovetail locks (J) from the Dovetails (I). Affix the Dovetails (I) to the Right Drawer Panels (9) and Left Drawer Panels (10). Press the Dovetails (I) down until they are completely attached. Use a hammer if necessary.

Press the piece until it is completely attached

# Step 12

You're almost done! Slide the Dovetail (I) on the Right Drawer Panel (9) and the Left Drawer Panel (10) into the grooves on the Drawer Front (11). Repeat this for all drawers.

**STEP READY**

# Step 13

Slide the Drawer Bottoms (12) into the grooves on the drawer sides and fronts.

Align the grooves on the Drawer Sides and Drawer Front to receive the Drawer Bottom

**STEP READY**

# Step 15

Attach the Drawer Backs (7) to each drawer, ensuring that the groove on the Drawer Backs aligns with the Drawer Bottom (12).

**STEP READY**

# Step 16

Secure the Drawer Backs (7) by inserting the Plastic screws (K). Use a hammer if necessary. Slide the finished drawers into the dresser.

# Step 17

Insert (L) Wooden dowels on the inside of all drawers while the drawer is inside the dresser. This keeps the drawer from falling out.

# Step 18

To finish this up, let's secure your dresser to the wall! Attach the Wall anchor (O) to your dresser using a Washer (Q) and a (P) Screw.

# Step 19

Insert the Plastic bush (R) into the wall. Then, secure the Wall anchor (O) to the wall using a Washer (Q) and a (S) Screw.

You did it! Enjoy your new chest!

Congratulations on your new piece of furniture!  
We would love to hear about it and see it.
