

FIFRA Section 2(ee) Recommendation

For Control of Spotted Lanternfly on Lawns, Ground Covers, Flowers, Shrubs, Trees, Vegetables, and Around Homes in all states except CA and TX.

BioAdvanced Science-Based Solutions 24 Hour Lawn Insect Killer Concentrate

EPA Reg. No. 92564-17

This recommendation is made as permitted by Section 2(ee) of FIFRA, as amended, and has not been submitted to or approved by the US Environmental Protection Agency. This recommendation must be in the possession of the user at the time of pesticide application.

All applicable directions, restrictions, and precautions on the EPA-registered labels must be followed.

DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For Spotted Lanternfly, dilute 3 fluid ounces (6 tablespoons) of the liquid concentrate per gallon of water. Adjust nozzle on sprayer to desired spray pattern. PUMP-STYLE TANK SPRAYER - dilute concentrate in water. Close sprayer, shake well and spray. DIAL STYLE HOSE-END SPRAYER - fill sprayer with enough concentrate to cover area to be treated. Close sprayer and set dial. Attach sprayer to hose and apply.

Follow all other label directions, restrictions and precautions on the product label.

ALWAYS READ AND FOLLOW LABEL INSTRUCTIONS

This FIFRA Section 2(ee) recommendation contains new or additional directions for use of this product, which may not appear on the package label. Read and observe the precautionary statements plus all other information appearing on the product labels. For Utah and Washington, this recommendation is not required to be in the possession of the user at the time of pesticide application. For all other states, this recommendation must be in the possession of the user at the time of pesticide application.
