

COLDWEATHER WINTER IMPACT

COLD WEATHER HAND PROTECTION

When the cold front moves in, reach for a pair of Winter Impact gloves to beat the elements. Comfortable micro-fleece lines the entire glove and C40 3M™ Thinsulate™ traps warm air to help regulate your body temperature in the bitter cold. The Winter Impact's rugged nylon outer features EVA foam knuckle padding to protect the back of your hand from unexpected impact and abrasions during cold weather work. Stay connected to your touchscreen devices, without removing your gloves, with AX™ Double Connect on your thumb and index finger. The palm features rugged Armortex® reinforcement, making the Winter Impact an essential cold weather tool.

NUCKLE GUARD

Accordion knuckle guard with EVA foam padding extends to the index and middle finger.

GRIP

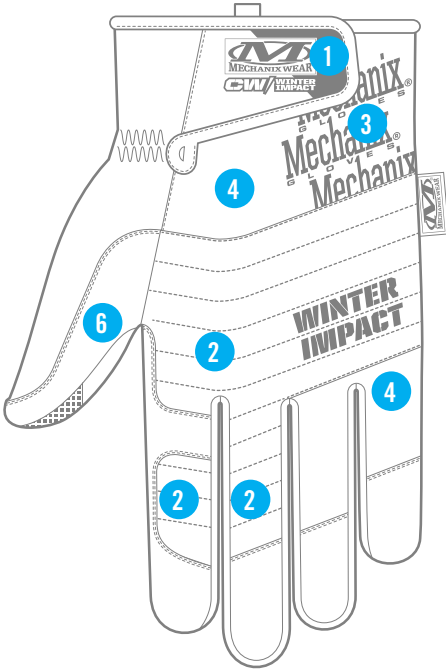

Rugged Armortex® palm provides durable gripping power.
