THE IMPECCABLE CHOICE

Centium Satin™ sets the standard for effortless elegance in hospitality. Its signature touch comes from a unique blend of premium long-staple, ring-spun cotton woven around an ultra-fine microfilament yarn, creating the unmistakably smooth, luminous feel guests fall in love with.

ENDURING LUXURY

Today, Centium Satin™ becomes even more remarkable. With PureBrite™ Stain Prevention Technology, these iconic linens stay cleaner and fresher, for longer. PureBrite™ helps soils release more easily during laundering so properties can maintain the pristine look guests expect while preserving the luxurious softness Centium Satin™ is known for.

The result: a sheeting collection that feels indulgent from the first touch and stays fresh, wash after wash. With Centium Satin™ *with* PureBrite™, enduring luxury has never felt or looked so impeccable.
