

QUACK, QUACK IT'S TIME FOR a BATH!

ASK CUPcake THE DUCK TO JOIN YOU IN THE TUB
FOR a BATH PARTY!

INSTRUCTIONS

FILL THE TUB – Ask a grown-up to run warm water.

SENSORY SQUISH & PLAY – Start by sprinkling the soap noodle streamers and soap confetti into your bath water (this looks really pretty) then gather them up, squish, and play to make soap clay.

RAINBOW BATH FIZZY – Drag the cloud through the water to see it dissolve into rainbow colors!

BUBBLE DONUT – Wave the donut wand in the water, rub across your hand to create froth, and blow into the donut hole to blow bubbles! Leaving the donut in water will make it dissolve faster.

BATH CRACKLES – Get them wet to feel the crackle and pop in your hand!

RINSE & REPEAT – When you're done, just rinse off and start fresh next time! If any of your Bath Party supplies have not completely dissolved, use more warm water and a little extra scrubbing.

Using these products on grout, marble, painted, or porous surfaces is not recommended. Products may stain or be difficult to clean. If you are unsure, test on a small area first.

As with any bath product, avoid contact with eyes, nose, and mouth. If individual skin sensitivity occurs, discontinue use, and rinse affected areas.

Soap components should be completely dissolved before draining the tub.

Use warm water to melt any remaining soap or scoop out and discard.

Ingredients are safety tested to be gentle & skin-safe.
