
COMPACT LIGHTWEIGHT TAPE MEASURES

Best in-class compact design to make jobs easier and more efficient

AVAILABLE IN 16'
AND 25' LENGTHS

COMPACT LIGHTWEIGHT TAPE MEASURES

Klein Tool's Lightweight Tape Measures offer best-in-class compact design with up to 13 ft. of reach. The smaller size allows tradesmen to carry around all day and store in tight areas. A finger brake controls the blade retraction speed for extra hand protection and a safer retraction. The durable nylon coating protects the layout markings and prevents the tape blade from rust and degradation. The high impact rugged, compact design stands up to the basic demands.

**TOUGH
BLADE™**

Double sided tape markings for versatility of measurements

Compact and lightweight design in both 16' and 25' lengths; easy to carry around and store in tight spaces

Klein quality tape measure in a smaller casing

5 point reinforced housing improves impact resistance and exterior durability

For Professionals
SINCE 1857™
