Enjoy hands-free home monitoring with select Alexa-enabled devices. Hear custom notifications and use two-way talk with audio-only Echo devices, and launch video with Echo Show, Fire TV and Fire Tablets.

Frequently Asked Questions

What's the difference between the Ring Video Doorbell 3 and previous generations of video doorbell?

The Ring Video Doorbell 3 has all the same great features of the Ring Video Doorbell (2020) and adds a number of new features including: dual-band Wi-Fi that work on both 2.4 GHz and 5 GHz networks, interchangeable faceplates, and a removable quick release battery for each recharging.

Does the Ring Video Doorbell 3 work with other Ring devices?

Yes. The Ring Video Doorbell 3 works with any other device created by Ring and can perform all the functions expected of a video doorbell in a security system.

What is Ring Protect?

Ring Protect is a comprehensive optional subscription service that lets you review, share and save every video and photo captured by your Ring Video Doorbell 3, plus a few extra perks. To compare and learn more about Ring Protect visit <https://ring.com/protect-plans> to choose a plan that works for you.

Do I need Ring Protect to use Video Doorbell 3?

No. You can still use your doorbell or camera to watch over your home and answer the door from anywhere, even without a subscription to Ring Protect. Without Ring Protect, you'll still receive real-time notifications when anyone comes to your door, and you can answer the notifications to see, hear and speak to visitors in real time right from your mobile device.

However, without a subscription to Ring Protect, you won't be able to review any videos that you missed in real time, and you won't be able to save your videos or share them with anyone. Visit <https://ring.com/protect-plans> to learn more about Ring Protect and to choose a plan that works for you.
