

PRODUCT CODE **55CBN/33.75-G4**

DRUMSAVER™ INSERT FOR STEEL DRUMS

PRODUCT DESCRIPTION: The 55CBN/33.75-G4 combines our straight-sided design with a band of accordion pleats at the top of a seamless, vacuum-formed insert for 55-gallon open-head steel drums. It is molded from FDA-approved low-density polyethylene. A contoured lip snaps over the top bead to prevent leakage between the insert and the drum wall, while also providing easy drum closure using a standard ring and bolt or lock assembly.
