

Adcraft Airpot Coffee Brewer, Push Button, 2.2L, in Stainless Steel

Project Name: _____
Location: _____
Item #: _____
Qty: _____

UB-289

Brew up to 3.8 gallons of hot coffee per hour with the Adcraft Airpot Coffee Brewer, engineered for direct brewing into airpots up to 14 inches tall. Featuring robust stainless steel construction, a push button brewing system, and direct water line hook-up for continuous flow, this brewer excels in demanding commercial environments. ETL listed and covered by a 1-year warranty, the non-slip base and practical control design ensure safe, accurate pours, making it ideal for busy cafes, offices, and self-serve setups.

Features and Construction

- Constructed with stainless steel tank and body for outstanding durability and easy cleaning
- Brews up to 3.8 gallons of coffee per hour to serve high-volume operations efficiently
- Direct airpot brewing accommodates vessels up to 14 inches tall for self-serve convenience
