

120 C 38 Cm Ironing Board

KL063052UKMEMEU7

Please retain instructions for future reference.

Care and use

For the care of your ironing board cover, it is recommended to wash at a maximum temperature of 30 °C. Please avoid using bleach, tumble-drying, or dry cleaning. When ironing, do not exceed a temperature of 200 °C. To tackle light soiling, simply wipe the cover with a soft, damp cloth. To maintain your ironing board, ensure that the legs are wiped clean with a damp cloth. Before first use, run a hot steam iron over the cover to ensure it is free of creases. It is essential to check that the legs are in the locked position prior to use. Additionally, never leave a hot iron unattended, and refrain from placing a hot iron face down on the cover.
