CONNECT PHONE Case for iPhones to support Portable Payment Devices

(SKU: 72334)

One-Piece Quality Design: One-piece rugged textured case. Durable, elegant, and ready to withstand the hustle of retail life.

Lanyard Attachment Points: Versatility at its finest. Corner attachment points let you carry your device with flair and ease.

Internal RFID Tag Cavity: Keep your RFID tags secure and your payment processes seamless.

Individual Buttons: Separate, tactile buttons for that perfect click.

Removable Lightning Connector: Flexibility is key. Detach the Lightning connector when you don't need it.
