1 Place the Chair Back (A) on a smooth carpet surface and attach the Chair Seat (B) by the Wood Tenon.

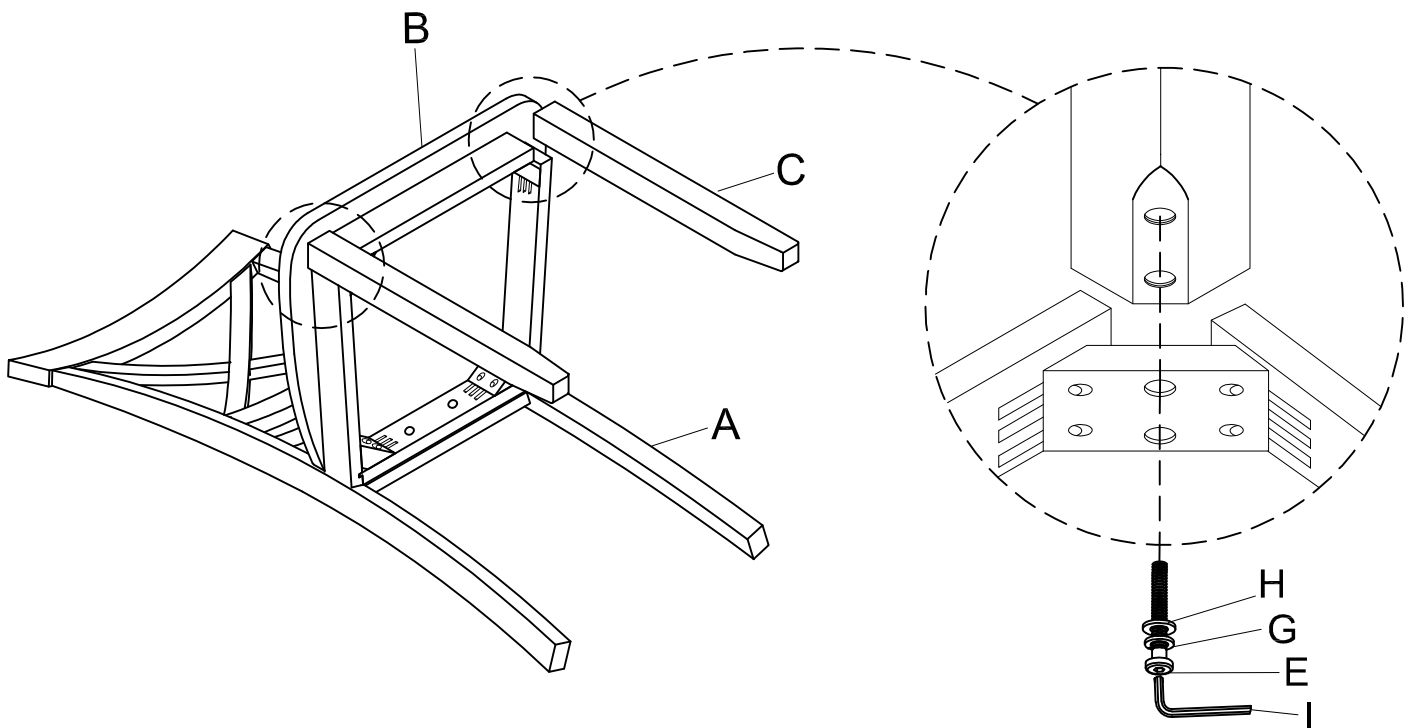

Take the Allen Key, and turn the bolts until the legs are secured.
Do not tighten completely. Stop when you feel you are adding force to tighten the bolt.

2 Attach the Chair Seat (B) to Chair Back (A) using JCBC Bolt (D) & (F), Lock Washer (G) and Flat Washer (H) with Allen Key (I).

- 3** Attach Front Leg (C) to the corners of Chair Seat (B) using JCBC Bolt (E), Lock Washer (G) and Flat Washer (H) with Allen Key (I).

Stand chair up on an even surface and check that it is balanced. If there is a slight wobble, apply downward pressure in the corner where a leg is uneven. Keeping pressure in that corner, tighten all bolts. If balanced, apply downward pressure evenly in the center and tighten all bolts. Do not over-tighten beyond hole depth.

Helpful Tip: -Instead of applying downward pressure while reaching under to tighten bolts, have someone sit in the chair while you tighten the bolts.
