

CRC® Extreme Duty Open Gear and Chain Lube

Product Description

Best for exposed chains and gears in harsh conditions. If the equipment gets too much exposure, you get exposed. Open gears and chains live a brutal life under rain, grit, pressure, and motion. CRC® Extreme Duty Open Gear & Chain Lube creates a black moly-graphite shield that resists wash-off, survives harsh environments and extreme weather, silences noise, and absorbs shock. Under such brutal conditions, you and your equipment deserve armor, not oil.

Advantages vs multi-purpose lubricants: Purpose-built for heavy, slow, high-load drives in dirty environments, this high-strength film has tacky adhesion and won't fling off or get squeezed out like multi-purpose lubricants. The cushioning layer it creates protects metals, and won't be overwhelmed by dust, grit and moisture.

Applications

Open gears, chains, cables, wire ropes, quarry and mining equipment, fifth wheels of tractors and trucks, leaf springs, drive chains, screw threads, and flexible couplings.

Identification

Item Number / Case Number	1003318 / 1003317
Legacy Number	03058
Unit Package Description	16 Ounce Aerosol
Net Fill	12 wt oz
UPC Code	078254030586
Unit Dimensions	7.50H x 2.63W x 2.63D in
Units Per Case	12

Properties

Appearance	Black Semi-Viscous Liquid
Base Type	Petroleum Oil
Boiling Point (F/C)	>260°F / >126.7°C
Dielectric Strength	
DOT Proper Shipping Name	Aerosols, Flammable, Limited Quantity (Marine Pollutant)
Evaporation Rate	Fast
Flash Point (F/C)	17.6°F / -8°C
Flammability LEL % / UEL %	Not Determined
Flammability Class - CPSC	Flammable
NSF Category Code	N/A
Odor	Hydrocarbon
Plastic Safe	No
Propellant	Hydrocarbon
Restricted From Sale In:	CA
Solubility	No data available
Spec Gravity Concentrate	0.86
Vapor Density	1.56 (air = 1)
VOC % (Consumer Product def)	58
VOC Category	Gear, Chain or Wire Lubricant - Aerosol
Working Temp (F/C)	-25 to 350°F / -31.7 to 176.7°C

Sizes

12 wt oz	03058
----------	-------
