

Imperial Female-Female Insulator – 559681

- Cost effective
- ERICO® offers a full range of ERIFLEX® low-voltage stand-off insulators from 1 inch to 3.5 inches with a total of 29 sizes available. The cost-effective insulators offer great stability of electrical and mechanical parameters and very high resistance to leakage current.
- High resistance to leakage current
- The insulators are manufactured from a halogen-free fiberglass-reinforced thermalset unsaturated polyester molded compound (BMC). Their electro-plated zinc inserts are threaded to ASME® standards. The insulators work in temperatures from -40°F to 266°F.
- The stand-off insulators meet the requirements of UL® 94 VO for self-extinguishing materials and are UL Recognized to Standard 891, Supplement B, Dead-front Switchboards and Accessories, 600 volt, File No. E125470. The insulators are also UL recognized for Canada for material and strength. ERIFLEX insulators are the first on the market to be CSA® recognized for strength.
- UL® and CSA® recognized for strength and material
- Wide range of sizes from 1 inch to 3.5 inches

Part Number	559681
Description	ISO 2", 1/2-13
Face Diameter	1.65
Height	2 "
Hex Width	2 "
Standard Packaging Quantity	25
Thread Depth	5/8
Thread Diameter	1/2
Voltage AC	2,300 V
Weight	0.43 lb
Working Load Cantilever	1,200 Max
Working Load Tensile	3,000 Max
Standard Packaging Quantity	25 pc
UPC	78285658324
UNSPSC	39121721

WARNING

ERICO products shall be installed and used only as indicated in ERICO's product instruction sheets and training materials. Instruction sheets are available at www.erico.com and from your ERICO customer service representative. Improper installation, misuse, misapplication or other failure to completely follow ERICO's instructions and warnings may cause product malfunction, property damage, serious bodily injury and death.
