

APCRBC141-CP REPLACEMENT BATTERY CARTRIDGE

Restore life to UPS systems that have weak or depleted internal batteries

The APCRBC141-CP UPS Replacement Battery Cartridge restores life to UPS systems that have weak or completely depleted internal batteries. The APCRBC141-CP contains six 12V/5.5Ah replacement batteries, certified to meet or exceed original manufacturer specifications. The leak-proof, sealed lead-acid battery never requires replacement fluid. The pre-assembled cartridge installs easily into your UPS system and is shipped with reusable packaging which can be used for delivering expired batteries to a suitable recycling center. The APCRBC141-CP comes with recycling information and a two-year limited warranty. CyberPower replacement batteries can be used in place of APC batteries in all applicable UPS systems.

FEATURES
