

Personalized workspace options from Novus deliver a clean look, improved ergonomics, and the freedom to easily change your workspace. NOVUS More Space sets provide clever all-inclusive solutions for any workspace.

The NOVUS TSS Wall Station is ideal where wall-mounted technology is most convenient. The TSS Wall Station's adjustability and strength make it ideal for shared work spaces including healthcare offices, laboratories, and manufacturing settings.

The TSS Wall Station includes a 35" wall mount TSS column that allows the monitor and keyboard arms to be adjusted for the perfect height, whether standing or sitting. Also included is the TSS Support Carriage for 1 monitor weighing up to 33 lbs with a range of 4.13". The TSS keyboard holder holds a standard keyboard and mouse, extending to 20.79" and tilting to a 45 degree angle.

Item Number	Base	Height	Weight	Range
220+0100+000	Wall Mount	35"	33 lbs	4.13" / 20.79"
