Continental CDVS500 Direct Vent Gas Stove

The CDVS500 offers a three burner system - the third tube burner "turbo boosts" the heating power like no other stove in the industry. It operates independently to supply an additional 14,000 BTU's on top of the already impressive 30,000 BTU's. Create the right amount of heat you need. Safe, clean burning and high efficiencies make this stove a valuable addition to your home.

Competitive Advantages

- Electronic Ignition with Battery back-up
- 84% Steady State maximum efficiency.
