

BP CUFF BARRIER SLEEVES

ITEM 2136

Dynarex Blood Pressure Barrier Sleeves provide a hygienic protective layer between the skin and blood pressure cuffs, helping to minimize contamination risks in medical settings. These universal disposable sleeves offer a convenient solution for maintaining cleanliness and reducing disinfecting time.

- Provides a hygienic barrier between skin and blood pressure cuffs
- Helps minimize the risk of nosocomial infections in medical environments
- Reduces the need for frequent cuff disinfection, saving time and effort
- Made from SPP non-woven material for durability and reliability
- Convenient disposable design, packaged in an easy-to-access dispenser box
- Not made with natural rubber latex
- 100 per box, 5 boxes per case
