Oatey® Full Clamps

Oatey® Full Clamps with Nails are designed with a preloaded nail, the design provides fast and easy push on installation for all types of copper tube size piping. The patented removal wedge and notch allow for clamp removal when you need it, and with complete stand off from the surface, tubing can expand and contract with 360 degree pipe protection.

- Push on installation, lead in edge automatically opens up the clamp.
- Patented removal wedge and notch allows for clamp removal.
- Complete stand off from surface.
- 360 degree pipe protection allows tube to expand and contract.
- Notched wall for strain relief and better nail alignment.

Universal Pipe Support

Oatey offers a complete range of pipe support products for all of your application needs. Whether it is securing supply lines, DWV pipe or supporting your work with brackets and bars, you can count on us.

- Available in white and black color plastic.
