

Dahle 20721 Shredder Oil

6 - 12 oz. Bottles

Dahle Shredder Oil is designed to keep your shredder running at peak performance. This clean formulation reduces cutting cylinder friction, ensures consistent shredder performance, and is designed to cling to your cylinders without build-up.

- Reduces friction of the cutting cylinders
- Guarantees optimal shredder performance
- High cling value and low dust retention
- Increases shredder lifespan

Specifications

Model #	20721	MSRP	\$70
Dimensions (in)	2.5 x 2.5 x 7		

A Closer Look

The key to maintaining your shredder at optimal performance is proper oiling. Dahle shredder oil is the only lubricant you should use in your paper shredder. It is specially formulated so it won't leave any residue that could attract dust and clog the shredding mechanism. The procedure for lubricating your shredder is simple. Apply a fine stream of oil from one side of the feed opening to the other. Then run the shredder in reverse for a few seconds to help distribute the lubricant evenly.
