Novus CLU

novus®

CLU

The Perfect View for What You Do

Gas Spring
Adjustable counterbalance for effortless vertical movement

Ergonomic
Easily change distance, angle, & monitor orientation

German Engineered
Guaranteed quality & durability

Viewing Angle
Easily adjust your view for touchscreen and reading.

CLU- Single Monitor Arms

Adjustable Comfort
Novus CLU Monitor Arms easily glide, turn, and tilt into any view that's perfect for what you do. Designed with your comfort in mind, these monitor arms move seamlessly into an personalized viewing position.

More Space
Create more space by lifting technology off your desk. These space-saving arms elevate monitors effortlessly, hide cables, and can be hidden behind the monitor for an organized appearance.
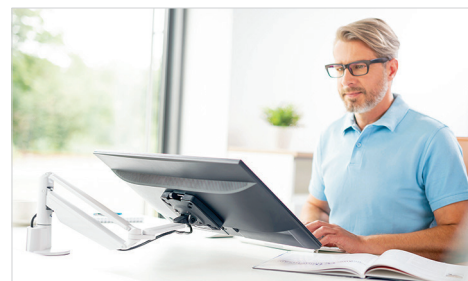

Durable
Aluminum construction with gas spring adjustability provides effortless vertical movement. These monitor arms are German engineered and held to the highest standards for quality and durability.

Smooth Rotation: Monitor rotation for landscape or portrait viewing.

Easy Alignment: *Gas spring movement and flexible joints for perfect monitor alignment.*

Optimal Positioning: *Lift, turn, and tilt to find your perfect viewing position.*

novus®
